About This Content

A 30 page bonus booklet in PDF format that resolves all the mysteries behind "**Ambre - a heartbreaking kinetic novel**".

Includes:

- comments from the writer explaining how the story came to life and what the original intent was,
- sketches and illustrations from the game,
- exclusive insight into a possible sequel!

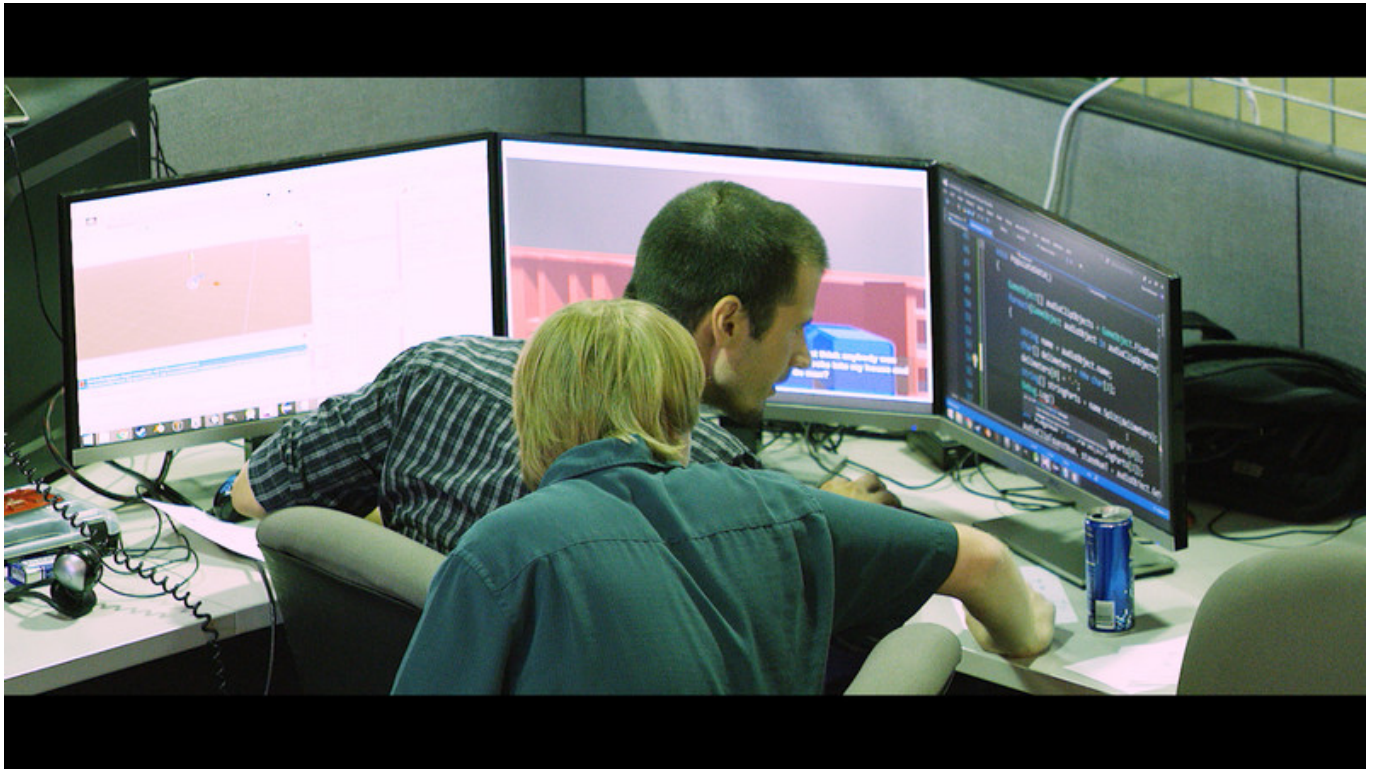

This bonus is mostly composed of text and evokes key events of the plot in detail, as such it is strongly advised to have read the game beforehand. After purchasing the DLC, you will find the PDF inside the game's root directory.
