2008. All i need to do is wait for her parents to go out. It happens too often. Pay for a lolicon. Whether or not i pay for a lolicon. One cannot determine sex from the lolas and mizukis. THEY DO NOT SOUND LIKE MEN. No i do not think the differences in voice are clearly discernable to anyone with a mind, especially not a lolicon mind, so as to distinguish between men and women. Stop judging. I can't see the difference in the voices of men and women, but then again i am not a lolicon. You can tell just by looking at the video that the girl is a woman. You don't need to be a lolicon to know what a woman sounds like, or a lolicon to know what a man sounds like. Look, just because i don't see the difference in the voice of a man and a woman, doesn't mean that there isn't one, or that you can't tell by looking at the video that the video is of a woman. You can tell just by looking at the video that the girl is a woman, even if the sound is close to that of a man.
